## PRAISE FOR LEADERSHIP FOR WOMEN

"As a lifelong high achiever with a vociferous inner critic, the time I spent with Jen was transformative in terms of helping me to shift my thinking about my own value, what it is I want to achieve as a leader, how I want to support other women on their own journeys, and how I can be a better version of myself both professionally and personally. The value in Jen's Brave Leadership for Women program is truly in her ability to help you put into action the theory that we sometimes hear about, but either have no idea how to implement or are so busy hustling for worthiness that we can't find the time to make our own selves a priority. I am so grateful for the impact that her program has had on my life, and I am so excited about continuing down this path." - Tara Gill, Partner, KPMG Canada

"I am so thankful to have participated in the Brave Leadership for Women program. The program has impacted me in so many positive ways and set me on a confident path to lead in many ways in the future. As a career driven Mother of two busy boys who is also supporting an aging parent, I have always felt that I did not have the time or energy to participate in a multi-week coaching program. I am so glad I enrolled in the program and took this time for myself – to rediscover who I am, my worth and my core values and how I positively impact and lead others in my life. I am more confident, driven and excited for whatever the future holds. Thank you Jen!" - Debbie Hertha, Program Lead, City of Richmond
